

Nova Sporting Clays Range Rules

Please read and sign this document to indicate that you understand and will abide by the range safety rules for Nova Sporting Clays.

Equipment

- Non-restricted shotguns are the only firearms that can be discharged on the range.
- Only shot sizes smaller than # 7.5 lead or #6 steel may be fired on the range.
- The use of hearing and eye protection devices is now mandatory. Regular eye glasses or sun glasses are acceptable as safety eye wear. Please note that this supersedes the recommendation of the use of eye and hearing protection presented on the large rules sign at the range entrance.

General Rules

- The consumption of alcoholic beverages is not permitted on the range.
- Anyone suspected of being intoxicated by alcohol or drugs will be ordered to leave the range.
- Horse play on the range is not permitted.
- Firearms can only be loaded and discharged at designated shooting stands.
- The maximum number of rounds that may be loaded in a shotgun at any given time is two.
- Firearms can only be loaded while the shooter is standing on the platform of the shooting stand.
- While loading a firearm, the shooter must have the barrel of the shotgun extended through the shooting frame on the shooting stand such that the firearm is pointed in a safe direction down range.
- Once the shooter has completed shooting at a stand, they must ensure that their firearm is unloaded and open the action of the firearm to indicate that it is safe.
- Firearms will be transported between stands with their actions open. In instances where firearms are transported between stands in protective cases, the shooter will leave the action open where possible.
- If there is a malfunction of a trap, do not attempt to make repairs. Notify an owner about the problem. They are the only people permitted to handle the traps.
- It is not permissible to shoot at wildlife on the range.
- Shooters who do not have a valid Possession and Acquisition License (PAL) are not permitted to shoot on the range unless they are accompanied by a person possessing a valid PAL who has agreed to act as an instructor for them. The instructor will be responsible for ensuring that the person they are instructing operates the firearm safely and follows the range rules.

I _____ have read and understand the Nova Sporting Clays range safety rules as presented above and will abide by them.
